In the event of making an insurance claim, please contact the Insurance 2 Go Claims Team on 0844 576 2277 within 48 hours of discovering the incident who will take your details and arrange for your phone to be repaired or replaced as necessary.

If your handset has been lost or stolen you must contact your service provider to bar the line within 24 hours of discovering the incident and also contact the Insurance 2 Go Claims Team on 0844 576 2277.

If you are aware that the handset has been stolen or maliciously damaged, this must be reported to the police within 24 hours of discovering the incident and a crime reference number obtained.

In the event of loss you should report the handset missing to the establishment in which the handset was lost. If the handset has been lost on some form of public transport, it should be reported to the relevant authority. If lost in a public place, then the handset should be reported as lost property to the police within 24 hours of discovery.

► My phone has stopped working, how do I make a claim?

If you have not damaged the phone by accident, and you bought the phone less than a year ago, it is likely that the handset is covered by the manufacturer's warranty. In this case you will need to refer to your handset retailer.

► How can I pay my excess charge?

You can pay by credit card or debit card, cheque or postal order. However, your claim cannot be processed until your excess payment is received.

► **How long is my claim likely to take?**

If your claim is due to Theft or Loss please allow 3 working days, from the date we receive notification, for your insurance claim to be processed.

If your claim is due to Accidental Damage or Unauthorised Calls please allow 5 to 7 working days for your insurance claim to be processed, from the date we receive your notification.

► **What if my phone cannot be repaired?**

If your mobile phone cannot be repaired, it will be replaced with a new mobile phone of the same make. If the model is no longer in production or is not available, it will be replaced with a phone of a specification at least equal to the item insured, up to a maximum replacement value of £750.00 including VAT.

► **How can I make an enquiry about my claim?**

Please telephone the Insurance 2 Go Claims Team on 0844 576 2277

► **How could my claim be delayed?**

We can only process your claim once your excess payment has been received. Your claim could be delayed if, for example, you inadvertently send your excess payment to the address of the phone repairer, along with your damaged phone, instead of direct to us. In this eventuality, unfortunately we cannot process your claim until the phone repairer forwards on your payment details.

We may need to contact you to clarify a point on your claim form. If you have forgotten to provide a daytime contact telephone number on your claim form, unfortunately the processing of your claim may be delayed.

We advise that you send your phone to the repairer by Royal Mail Special Delivery as this provides a greater assurance that the package reaches its destination and within a timely manner. However, if you chose to send your phone by Standard Mail or Recorded Delivery the assurances can be somewhat reduced and your claim may be delayed in being processed.
