

Frequently Asked Questions and Important Information

► Demands and Needs Statement

Insurance 2 Go does not offer advice or recommend insurance. You should decide before purchasing whether the terms of this insurance policy meet your demands and needs for mobile phone insurance.

- Am I under 16?
- Do I require additional risks to be covered other than those detailed in the policy document?
- Am I already covered by another type of insurance policy?
- Do I live permanently outside the UK?

If you can answer 'no' to all of the above, your demands and needs are those of a mobile phone owner who wishes and needs to ensure their mobile phone insurance needs are met now and in the future.

► How do I purchase insurance?

Protecting your mobile phone is quick and easy. Insurance can be purchased by applying online at our website www.insurance2go.co.uk.

► Why shouldn't I cover my phone under my household insurance?

This policy is a dedicated insurance policy especially for mobile phones, ensuring rapid replacement or repair of your handset once your claim has been accepted. Household policies often have a much higher excess and a claim for your mobile phone will more likely affect your no claims bonus.

► How does a Direct Debit payment work?

A Direct Debit is an instruction from a customer to their bank or building society authorising an organisation to collect varying amounts from their account, as long as the customer has been given advance notice of the collection amounts and dates. In accepting insurance from Insurance 2 Go, you have agreed that we send your personal and bank details to the insurance administrators to enable us to arrange for your phone to be insured from the moment your insurance has been accepted.

In order to set up a Direct Debit, the organisation you wish to pay will ask you to complete a Direct Debit Instruction. You will need to provide your name and address, name and address of your bank/building society (where applicable), your bank/building society account number and branch sort code. Ensure all the details are correct.

The organisation will update their payment records and forward the instruction on to your bank/building society. The instruction to them gives the organisation authority to collect varying agreed amounts from your account on dates agreed with you.

The organisation will give you advance notice of a collection of dates and amounts. Check these details are correct. Should you wish to query any of the details contact the organisation straight away. There is nothing further you need to do apart from ensure you have sufficient funds in your account.

► Is it possible to change the date that my Direct Debit payment comes out of my bank account?

Unfortunately, you are unable to change the date of the Direct Debit collection from your bank account. The date is set and agreed with your bank and we write to you advising and confirming the set up of your Direct Debit instruction and future payment schedule.

► Who are WorldPay?

WorldPay are an accredited payment service provider and provide the online payment system for credit card transactions for this website. They handle your credit card transaction in a highly secure environment.

► What if I have difficulty entering my bank details?

You will only be able to move forward in the application process if correct details are entered. The website system only accepts information that match and is then validated by the bank. If incorrect details are entered an error warning message will be displayed and you will be asked to enter your details again correctly.

If you see an “Invalid card or card number” message – you should check that you are entering the card number without any spaces. Switch and Solo cards may have a card number printed on them which is only an 8 digit number. We require the long number across the centre of the card.

If you see a message “Authorisation on that payment type has been declined by the bank” your card has been declined by your card issuer, who is responsible for generating the message. You will need to contact your card issuer to find out why your card has been refused. You should check that you have entered the correct card expiry date, valid from date and issue number etc. Your card issuer may inform you that they have authorised the payment, but are awaiting an authorisation code from the merchant. This is known as a referral and cannot be authorised for online payments. In this case, you should try your card again or use a different card.

► I have a business bank account. Can I set up my Direct Debit in the normal way?

If you have a business bank account, you will still be required to enter your bank details on the website in the normal way. However, additionally, you need to click on the Direct Debit Mandate link, print and complete it in full and return to the address detailed on the form – Insurance 2 Go, PO Box 116, Ryde, PO33 2WX.

► I am not the sole signatory on the bank account. Can I set up my Direct Debit in the normal way?

If you are not the sole signatory on your bank account, you will still be required to enter your bank details on the website in the normal way. However, additionally, you need to click on the Direct Debit Mandate form, print and complete it in full, with all the signatories to sign and return it to the address detailed on the form – Insurance 2 Go, PO Box 116, Ryde, PO33 2WX.

► Can I use the Manual Direct Debit Mandate to send in my bank details instead of entering them on the website screen?

Unfortunately not. You are required to enter your details on the website in any instance. The completing of the manual Direct Debit mandate is an additional requirement if you are using a business bank account or if you are not the sole signatory on your bank account.

► Who do I send the Manual Direct Debit Mandate to, when I have completed it?

Please send it to the address on the form – Insurance 2 Go, PO Box 116, Ryde, PO33 2WX.

We advise that you consider sending your supporting documentation by Royal Mail Special Delivery as this provides a greater assurance that it reaches us and within a timely manner. However, if you chose to send your documentation by Standard Mail or Recorded Delivery the assurances can be somewhat reduced and the validation of your policy may be delayed.

Please ensure that you have entered all your details accurately, this is critical if utilising the Find Address option, by entering your postcode and house number and allowing the system to find the remainder of your address details automatically.

Please ensure that you select a make and model of phone from the drop down boxes provided. Also, ensure that you enter your IMEI number, phone number and contact number in full, with no spaces in between.
